

INTERDISCIPLINARY STUDIES, BA

New College's emphasis on student choice and responsibility promotes the creativity, flexibility, and adaptability necessary for effective participation in the emergent communities of the future.

Admission into the Program

Applications to the New College on-campus program are available at <https://newcollege.ua.edu/degree-program/apply/>. The admission process is separate from, and in addition to, admission to The University of Alabama. Two factors are taken into consideration when making a decision for admission: the degree of motivation and serious intellectual independence exhibited by the applicant and the potential for the University to meet the applicant's academic goals. For details on the admissions process, please refer to the New College website.

Admission to the New College LifeTrack program is restricted to nontraditional students, typically 25 years of age or older, with a high school diploma or a GED score of 50 or higher (if taken prior to January 2002) and 500 or higher (if taken after January 2002). Students must be admitted to the University of Alabama and have a cumulative GPA of 2.0 or higher on all previous college work. For details on the admissions process, please refer to the New College LifeTrack website.

Integrative Seminars

The five seminars introduce students to the major areas of liberal arts study in one of three integrative themes: environment, sustainability and conservation; creativity and culture; and social problems and social change. The seminars required for graduation are arranged in two levels. The level I seminars are designed for entering students (usually freshmen and sophomores) while the level II seminars are designed for upper-level students. All students must complete five seminars with at least one seminar in each theme, including two level I seminars from different themes, and two level II seminars in any theme. A minimum grade of C- is required for each integrative seminar. Transfer credit cannot be applied to seminar requirements. All five required seminars must be taken through New College.

Out-of-class Learning/Independent Study

New College has a strong commitment to provide students opportunities to pursue their academic interests outside of the classroom through out-of-class learning experiences for credit. In these out-of-class learning/independent study experiences, an agreement (or contract) is made among the student, the project director, and New College. The contract is a clear, concise statement that includes the course area, topic or problem the student intends to study, along with the bibliography, plans for evaluating the study, and the anticipated outcomes of the study. New College students are encouraged to take at least one Independent Study as part of their depth study.

New College LifeTrack Requirements

New College LifeTrack offers non-traditional students, typically ages 25 and older, the flexibility to design their college curriculum through an interdisciplinary approach to distance learning. The program also includes opportunities for travel and on-campus course experiences.
