

# ENTREPRENEURSHIP, MINOR

---

The mission of the Entrepreneurship minor is to equip students with the knowledge, skills, and abilities necessary to innovate in existing firms and to launch new ventures. Students will learn how to identify and evaluate opportunities, and how to capitalize on these opportunities. In doing so, they will work closely with faculty and experienced entrepreneurs to gain hands-on experience in key activities necessary to build sound business models and to acquire critical resources as they help established firms innovate and create profitable enterprises.
